More men of national importance endorse Peruna than any other medicine. We have the autograph letters on file for all of the following statements:

General Wright Eulogizes Pe-ru-na.

General Marcus Wright, 1724 Corcoran street, Washington, D. C., a prominent confederate general, who is in charge of getting up the records of the War of the Rebellion, has the following to say in regard to Peruna:

General Nickerson's Endorsement.

A. Howitt Nickerson, Captain U. S. Army, adjutant general on General McCook's staff, writes from the Census building, Washington, D. C., as follows:

"It affords me great pleasure to commend Peruna as a most excellent tonic with many medicinal qualities that assist nature in overcoming the various ills with which the human family is often afflicted, and is always in danger. As a general thing, I have been opposed to what is known as patent medicines, but Peruna has long since overcome this feeling. It is now, as it has

been for a long time, a well-established family medicine with us, upon which we rely to give tired nature substantial restoration."

General Urell's Letter.

General M. Emmet Urell was newly elected commander-in-chief of the National organization of Spanish War Veterans, of which President Roosevelt is a member. An incident connected with this organization we tell in the general's own words:

"I accomplished something in Detroit which few men in the United States, and, indeed, few men in the world, can do," said General Urell. "I commanded the president and had the satisfaction of seeing him obey. I was in charge of the convention when I noticed Miss Clara Barton enter the room. Turning to President Roosevelt, I said: 'Comrade Roosevelt, I detail you to proceed to the door and escort Miss Barton to a seat on the platform.' The president jumped up like any of you boys would have done, and performed his duty."

This prominent general recommends Peruna in the following words: "Many of my friends have used Peruna with beneficial results as an effective remedy for catarrh."—M. Emmet Urell, 315 13th St., N. W., Washington, D. C.

No Other Catarrh Remedy Has Ever Received Such Great Popular Endorsements.

"Following a severe attack of la grippe in 1899, I have suffered greatly and continuously from a constantly increasing stubborn case of catarrh of the head and stomach. All prescribed remedies failing to yield permanent relief, I was induced to try Peruna, and began its use in August, 1899. In using one bottle I became convinced of its curative qualities, and continued its use to date. All symptoms of catarrh have disappeared, yet I continue its moderate use as a preventive, and an old man's tonic."—W. H. Powell.

"I have used Peruna for catarrhal trouble and find it beneficial and to be all that it promises, and freely give it my unqualified recommendation."

Peruna has become to be so universally recognized as a specific cure for catarrh, acute or chronic, coughs, colds, bronchitis, that it is amazing that any one should continue to suffer on with such a terrible malady, neglecting to take a course of treatment with it. Of course it may be that some people have not yet come to know of this great catarrh remedy, but it is strange that it should be so after such multitudes have been cured by it and so many papers have heralded it from one end of the country to the other. But the news travels faster and faster every month, and no one can fail to see that the time is not far distant when Peruna will be known in every household in the land.

Ex-U. S. Senator M. C. Butler, of South Carolina, in a recent letter to The Peruna Medicine Co., from Washington, D. C., says:

General Duffield's Endorsement.

General W. W. Duffield, General in the Mexican war and General of the Union Army in the late Civil war, in a letter from "The Cairo," Washington, D. C., says the following of Peruna:

"I have used Peruna in my family and have found it a valuable medicine, and take pleasure in recommending it to all who suffer from catarrh of the stomach or who require a tonic of efficiency."

Peruna The Soldier's Friend.

No wonder the American soldier is a friend of Peruna, when such renowned officers give Peruna their hearty endorsement. Every one connected with the army and navy can have no reasonable doubt as to the merits of the remedy. No remedy ever yet devised has received such unstinted eulogy from so many renowned statesmen and military men as Peruna.

There is a natural reason for this. Peruna is a specific for catarrh, wherever located. It not only instantly cures acute catarrh, but even old cases of chronic catarrh vanishes under its persistent use. The soldier is especially subject to catarrh in some form or phase. Exposed as he is to constant changes, subject as he is to the vicissitudes of climate, wet and dry, night and day, he finds catarrh to be his most insidious and ever present foe. In field and barracks, Peruna is equally efficacious. Taken in time it will absolutely prevent catching cold. After the cold has become established Peruna will break it up quicker than any remedy known to man. Even after the cold has settled in some organ, Peruna can be relied upon to promptly dispel it.

This is why Peruna is so popular in the army and navy today. It is precisely the remedy that meets the particular ills to which this class of people are exposed. Our army and navy is the natural protection of our country; Per-

runa is the natural protection of the army and navy in the vicissitudes of climate and exposure.

The number of specific catarrh remedies is small indeed: the number of catarrh palliatives is legion. The effect of catarrh palliatives is often immediate, but always temporary; they never cure. This kind of catarrh medicine includes sprays, snuffs, inhalants, gargles and local applications of all kinds. They seem to cure for awhile, but the disease is sure to return. Peruna is a catarrh specific that eradicates catarrh from the system.

General Naske Says:

Gen. Chas. F. Naske, 213 B St., N. W., Washington, D. C., 1st Brig. General District of Potomac U. S. V., writes:

"I, as well as many of my friends and acquaintances who have suffered from colds producing catarrh, have been using your Peruna and have been much benefited by its curative qualities. I commend it to those who are so troubled as a most efficacious cure and as a good general tonic."

General Lumax Writes.

Gen. L. L. Lumax, 1603 19th St., Washington, D. C., writes:

"I can cheerfully recommend your remedy as a permanent and effective cure for catarrh, colds, and to any one who needs an invigorating tonic to build up their system."

EX-BRIGADIER GENERAL J. FLOYD KING

General J. Floyd King, of Louisiana, was a member of the 49th Congress, and was Brigadier General in the Confederate Army from the commencement to the end of the Civil War. He writes from Washington, D. C., as follows:

Gentlemen:—"Being personally acquainted with many distinguished men, national statesmen and others of high character from all over the United States who I observe by the public prints have given their endorsement to your great catarrh remedy, Peruna, I unhesitatingly state that I am convinced it is a medicine that will effect all the cures which is claimed for its use."

J. FLOYD KING.

GENERAL D. T. KIRBY.

Brigadier General D. T. Kirby, Washington, D. C., writes:

The Peruna Medicine Co., Columbus, O.:

Gentlemen:—"I am much impressed with the curative qualities of Peruna as many of my friends have used it with such good results, and I can recommend it to all those who are afflicted with catarrh."—General D. T. Kirby.

The above testimonials are only specimens of the many thousand letters received touching the merits of Peruna as a catarrh tonic. No more useful remedy to tone up the system has ever been devised by the medical profession. Thousands of families all over the United States use and recommend Peruna for catarrh.
